emotimals

**Emotimals are more than very soft cuddly toys with long arms or tails!
With each Emotimal a special heart is included...**

My Message

Lenny, Lilly, Pip and Mika have a recordable heart that can contain three fun, sweet, happy, comforting, but most of all personal messages. With one of these Emotimals, a child will always hear a trusted voice. Ideal for falling asleep, day-care, sleepovers or the first day at school.

My Melody

The My Melody Emotimals are for the very little ones and can be attached to the cot, car seat, pram or buggy. Luka, Tess, Spike and Leo have a special heart that can record one personal singing, message or rhyme. The My Melody Emotimals means mum, dad, grandma or granddad are always close by!

My Trusted Scent

Mum and dad's scent reassures babies and small children and has a calming effect. The special heart in these Emotimals is designed to absorb your familiar scent when you wear it on your body. The heart fits in the special pouch in the cuddly toy, so your child will always have a familiar, comforting scent around.
