Outdoor

Outdoor play is always a party with these products!

All our outdoor products are designed to stimulate outdoor play, encouraging children to be active and whilst having lots of fun. Our products cover a range of categories such as Mega bubbles, animal yoga, games like bingo and street domino and larger wooden sets like Kubb Jr., Finntoss and various 2 in 1 games. We have a fun activity for every child and every occasion.

We produce our super strong bubble solution in our own factory in the Netherlands. We subject our products to extensive tests in our own laboratory; therefore we can say that the solution is very safe and super washable.

With Mega bubbles children do not only make the largest bubbles, but they can also catch bubbles, stand in a bubble or find cool surprises.

Slime

100% safe and fun slime for children!

To make sure SES Creative slime complies to all toy safety standards, we develop and produce the slime ourselves in our own factory in the Netherlands.

We have slime available in two types of thickness, multiple colours, glitter, and add-ins.

Besides the ready-made slime, children can also make their own slime with our slime lab sets. In a few steps they can mix the elements to make slime and create beautiful cupcakes.

EXPLORE

Want to play and discover the world around you at the same time?

This is possible with SES Explore. With the Explore products, children learn more about insects and plants in their garden, do interesting excavations or they can experience the magic of science with several cool experiments.

For the curious minded we have an excellent range of inspiring products in our Explore range.

Tiny TALENTS

Welcome to the wonderful world of Tiny talents!

Toys specially designed for young children between the ages of 0 and 3 years, which focus on the development of the youngest children.

The collection contains products for practising and developing specific skills. For example, developing fine motor skills, hand-eye coordination and learning to recognise shapes and objects. In addition, the Tiny talents line contains lots of fun activities for in the bathtub.

The Tiny talents products are modern, child-friendly and safe. There are lots of fun activities for young children and beautiful products in trendy colours to fit a modern lifestyle and interior.

Petits PRETENDERS

Welcome in the world of Petits pretenders!

Find out what it's like to be a doctor, police officer, firefighter, hairdresser, supermarket assistant or chef. Or do you prefer to play in a kitchen, make pizzas or do some cleaning around the house?

As a doctor, you'll try to help your patients the best you can and look the part with the doctor's coat, stethoscope and case. Want to work in a supermarket instead? Put on your shopkeeper's apron and try to help each customer. The first customer has already arrived! How much money does he have to pay for a carton of milk and a packet of sweets?

The Petits pretenders collection consists of products designed for children between the ages of 3 and 6. They not only stimulate the imagination, but also encourage your child to play with others. The collection includes costumes, tools with accessories, mega sets, and play suitcases with mini figures and play mats.
